

CREDIT SCORE - UNENROLL PROCESS

Credit Score is a free service that we are now providing to all members of First Basin Credit Union and using Credit Score will have no impact on your score.

If you decide that you don't want to use this service, there are **three** ways that you can turn it off.

1

When entering Credit Score for the first time, a tutorial banner will be displayed. On the final page of the tutorial, you will see text that says, "Turn it off or on at any time". Click on this text and you will be taken to a page that allows you to turn Credit Score off.

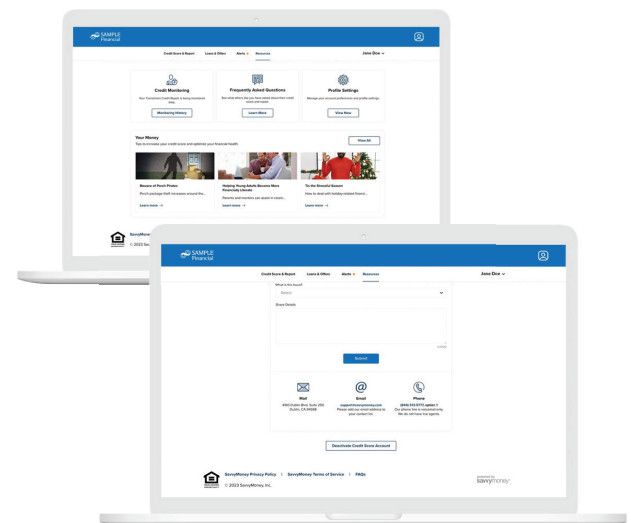

2

Additionally, you can turn off Credit Score in the Welcome Email that you will receive on the date of enrollment. At the bottom of the email, you will see a button, "Turn off Credit Score", and by selecting this it will turn it off.

3

The final way to turn off Credit Score is within the tool itself. Select the "Resources" tab on the navigation bar. Then select the "View Now" button under Profile Settings and finally select "Deactivate Credit Score Account" at the bottom of this page.

IMPORTANT:

It is important to note you will not be automatically enrolled once you cancel this service. If at any point you would like to re-enroll, the Credit Score widget will be available for you to opt back in.
